- DCC response ref area around the Co-op. No patrols have been conducted at this location to date, and none are currently planned. The County Council's Enforcement Officers are able to enforce vehicles parked on the pedestrian crossing, however, they cannot enforce parking behind the zigzags at this location. The Police are able to enforce vehicles parked on the pedestrian crossing. If you wish to provide information as to when these parking incidents are occurring, we can investigate.
- the evening buses on amberline and the night buses on request for the nines will be introduced from 17th July. The below link will take you to the correct point of our timetable where you can find the details.  
<https://www.trentbarton.co.uk/services/amberline> Our teams have been distributing credit card flyers on the buses to raise awareness and we have put information at the bus stops throughout the villages. In addition one of our team will be going to all the local pubs to see if we can promote the changes on beer mats and with posters to again build up awareness. Finally we will have the printed timetables from next week which again we will distribute as widely as possible. The only other thing to make you aware of is that Derbyshire County Council after initially thinking they would be able to support the service have decided that they cannot in the current climate. We have therefore decided to carry on at our own risk. Obviously as a commercial operator we need to ensure the word gets around and customers who value such a service us it to its full potential. Any assistance you can offer to help with this would be hugely appreciated.
